Specified Operating Environment	Temperature: 10 to 32°C (50 to 90°F), Humidity: 20 to 80% Relative Humidity, Altitude: 0 - 2300 Meters (7,545 Feet)	
Weight (lb.)	106.5 lb.	137.3 lb.

Recommended Monthly Page Volume

«Recommended Monthly Page Volume» is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.

Maximum Monthly Duty Cycle

«Maximum Monthly Duty Cycle» is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.
